

# **ENLIGHT IMPACT AWARDS 2025 Call for Nominations**

#### INTRODUCTION

<u>ENLIGHT</u> is a European University Alliance to promote equitable quality of life, sustainability and global engagement through Higher Education transformation. ENLIGHT brings together ten research-intensive universities from ten European countries (University of the Basque Country, University of Bern, University of Bordeaux, Comenius University Bratislava, University of Galway, Ghent University, University of Göttingen, University of Groningen, University of Tartu, Uppsala University).

Impact is at the core of the <u>European University Alliance ENLIGHT</u> mission. One of ENLIGHT's key objectives is to **promote a culture of impact both within and beyond its partner universities**, by developing good practices of impact-directed management, integrating impact into higher education, research, innovation and societal engagement.

In ENLIGHT we understand **IMPACT** as the **effects or changes** we can see (demonstrate, measure, capture), **beyond academia** (in society, economy, environment) which happen because of an activity in the higher education environment (caused by, contributed to, attributable to). Impact is intrinsically linked to *transformation* and to transformative initiatives, programmes, projects, activities developed in the university context. Impact may look and operate slightly differently across disciplines, and for fundamental versus applied research, but ultimately is about connecting academia to changes in the real world<sup>1</sup>.

# **ENLIGHT IMPACT AWARDS**

Building on the successful experience of its first two editions, the ENLIGHT IMPACT AWARDS 2025 seek to recognize and give visibility to ENLIGHT partner universities' INITIATIVES that are EXEMPLARS IN PLANNING FOR AND ACHIEVING IMPACT.

A maximum of **six ENLIGHT IMPACT AWARDS** will be presented; including, ideally and if possible, one AWARD in each of the six ENLIGHT flagship domains:

- Climate change
- Culture and Creativity
- Digital revolution and digitization
- Energy and circular economy
- Equity
- Health and well-being

Applications are invited from **teams** at ENLIGHT universities, which **must be nominated by their university through a locally defined internal selection process** (see selection procedure, eligibility and selection criteria sections for further details). The representatives of the awarded teams will be identified as **ENLIGHT Impact Ambassadors** and become members of the ENLIGHT Impact Ambassadors Network<sup>2</sup>.

<sup>&</sup>lt;sup>1</sup> Definition adapted from Bayley, J., Phipps, D. (2019). "Institutional Healthcheck Workbook". Emerald Publishing.

<sup>&</sup>lt;sup>2</sup> You can meet our ENLIGHT Impact Ambassadors here: <a href="https://impact.enlight-eu.org/ambassadors">https://impact.enlight-eu.org/ambassadors</a>

The ENLIGHT Impact Awards will be presented during the **ENLIGHT Impact Conference** at the University of Groningen on the 27<sup>th</sup> and 28<sup>th</sup> March 2025. The ENLIGHT Impact Conference will bring together international impact experts and practitioners and will be the setting in which **the ENLIGHT Impact Awards will be recognised and celebrated**.

#### THE ENLIGHT IMPACT AMBASSADORS

The ENLIGHT Impact Ambassadors are the representatives of the awarded teams. The awarded teams can be composed of academics (teachers or researchers) of all levels of seniority (from R1 to R4, according to <u>EURAXESS definition</u>) and areas of expertise, but also management and support staff from ENLIGHT partner universities. Together, in a joint team effort, they should demonstrate how they have embedded impact into their initiative and how this will ultimately contribute to bring about change in one (or more) of the six above mentioned <u>ENLIGHT flagship domains</u>.

Independently of their field of expertise, discipline focus, seniority and position at the university, the ENLIGHT Impact Ambassadors are enthusiastic and outspoken supporters of impact in the university context. Besides their contribution to impact, they should show a genuine interest and motivation to commit to and be part of the <a href="ENLIGHT Impact Ambassadors Network">ENLIGHT Impact Ambassadors Network</a>. They should be able to communicate effectively and have their voice heard among international peers.

ENLIGHT Impact Ambassadors will not have executive tasks or assignments within the Alliance, but will function as a sounding board and as "role models" for the academic community within and beyond the ENLIGHT Alliance. More specifically, and with the support of the ENLIGHT impact task force, the ENLIGHT Impact Ambassadors will:

#### Inspire

Act as "role models" to other academics, management and support staff; showcasing and giving testimony on their initiative's impact pathway.

#### Reach out

Raise awareness about the importance of impact; engaging in outreach activities; participating in mutual learning and exchange of experiences and insights; connecting with ENLIGHT Impact Ambassadors Network, ENLIGHT impact task force and beyond; contributing thus to improve impact literacy across ENLIGHT and beyond.

#### Promote

Promote ENLIGHT impact work and acting as impact multipliers across different fields of knowledge and regional, national and international networks; supporting and providing advice to ENLIGHT impact task force in the execution of its different tasks (e.g. identification of sources to the <a href="ENLIGHT impact repository">ENLIGHT impact repository</a>; contribution to the impact training programmes; etc.)

#### Level of engagement

It is envisaged that the time commitment of the ENLIGHT Impact Ambassadors to the ENLIGHT over the course of the 2025/2026 period will be limited but can vary depending on the Impact Ambassadors' availability and the time that they are in the position to dedicate. A typical commitment over the course of a year could be as follows:

• 1-2 online meetings a year to support/advice ENLIGHT impact task force in its activities;

- 1-2 international workshops/ conferences a year to reach out and promote ENLIGHT and
  its universities impact approaches. These workshops/conferences could be identified by
  either the awarded ENLIGHT impact ambassadors or ENLIGHT impact team. ENLIGHT
  payment of workshops/ conferences attendance is conditional on prior consent by the
  ENLIGHT impact team;
- Give feedback on ENLIGHT impact activities and outputs.

#### WHAT IS IN IT FOR YOU?

Each ENLIGHT Impact Award recognises the exemplar impact work of the successful team awardees. More concretely, it provides:

- Increased visibility to your initiative, its impact approach and pathway, through the
   <u>ENLIGHT website</u>, the <u>ENLIGHT impact repository</u> with the Ambassadors' Impact Stories,
   the <u>ENLIGHT Impact Ambassadors webpage</u>, ENLIGHT social media, international
   workshops and conferences (e.g. <u>ENLIGHT Impact Conferences</u>);
- Financial support to attend relevant international workshops/ conferences. These
  workshops/conferences could be identified by either the awarded or ENLIGHT impact
  teams. ENLIGHT payment of workshops/ conferences attendance is conditional on prior
  consent by the ENLIGHT impact team and valid for one representative per awarded team
  over the course of the 2025/ 2026 period;
- The possibility of being part of a wide-reaching network of impact ambassadors of other ENLIGHT universities, in close contact with the ENLIGHT impact task force and with the possibility of connecting also with the ENLIGHT Expert Network on Reseach Impact and other impact networks where ENLIGHT is represented (e.g. FOREU thematic sub-group on impact led by ENLIGHT, AESIS network for Advancing and Evaluating the Societal Impact of Science, etc.);
- The possibility of knowledge and good practices sharing and mutual learning;
- The opportunity to **support and influence** ENLIGHT impact work.

#### **SELECTION PROCEDURE**

The selection procedure is organised in two phases:

- First, each ENLIGHT partner university is asked to submit <u>at least one</u>, and a maximum
   of <u>three applications</u>, from its institution to be considered for the ENLIGHT IMPACT
   AWARD (internal selection process).
- Then, the awarded teams, and subsequent Impact Ambassadors, will be ranked by an
  evaluation panel, comprised of both external and ENLIGHT impact experts, out of all
  nominations submitted by ENLIGHT universities.
- The final ranking is established after taking into consideration the public voting results (cfr. selection criteria) during the ENLIGHT Impact Conference (University of Groningen, 27-28 March 2025)

Ideally, an ENLIGHT IMPACT AWARD will be made in each of the 6 flagship domains; however, depending on the submissions and the conclusion of the evaluation process, not all of the ENLIGHT flagship areas will necessarily be represented in the AWARDS.

### **Internal process**

The internal procedure for identifying candidate teams at each ENLIGHT university is at the discretion of each institution separately and not standard across the ENLIGHT Alliance.

Besides the ENLIGHT Alliance own dissemination means<sup>3</sup>, each university is asked to circulate this announcement to all departments, faculties/schools, research groups/labs which could potentially be nominated, and to identify possible candidate teams through processes that are transparent and inclusive.

In order to facilitate the internal selection process, the ENLIGHT impact task force puts at disposal of ENLIGHT universities an example of *expression of interest* that could be useful to make a first pre-selection of the three potential applicants per university (annex 1). This *expression of interest* is based on the experiences of a few ENLIGHT universities who used it in the former ENLIGHT Impact Awards calls. Its use is **not compulsory**.

#### **ELIGIBILITY AND SELECTION CRITERIA**
